**THERE ARE MOMENTS IN MINISTRY** when you pause and recognize that what is unfolding is far greater than plans, strategy, or human effort. This has been one of those seasons for us. As you read this update, you're not just reading about progress—you're seeing the evidence of God at work through your prayers, your generosity, and your partnership. Every story, every step forward, carries your fingerprint. Thank you for walking this journey with us. You will be excited to read below what God is doing through our work together!

**DEAR FAITHFUL PARTNERS,**

As we close the first quarter of 2026, we do so with deep gratitude and unmistakable evidence of God's hand at work through Global Missions 365. What began as vision continues to take shape in tangible, measurable impact—both in the field and within strengthening the structure of our ministry.

This first quarter has been marked by intentional execution and growing momentum. Every one of our 18 partnerships in 13 countries has received their scheduled support, ensuring that ministry on the ground continues without interruption. These are not just transactions—they represent the ongoing advancement of the Gospel in places of great need.

We also held our first formal leadership meeting, bringing together our expanding team. Training is underway, roles are being clarified, and systems are forming. What was once largely volunteer-driven is now becoming a **structured, scalable ministry platform**—positioned for greater stewardship and **long-term impact**.

The opportunities before us are expanding. This is a defining moment—not just for GM365, but for all of us who want to be a part of what God is doing through these times of global challenges.

Let's not slow the momentum.  
**Let's step into it.**

*With gratitude and expectation,*  
**Pastor Gary**

# GM365 1ST QUARTER REPORT

## A DEFINING SEASON OF ALIGNMENT

Our recent Board Planning Retreat marked a significant moment of unity and direction. It was more than planning—it was alignment around calling, stewardship, and the future of this ministry. **It was a true pivot point for Global Missions 365.**

Since then, several priorities have gained traction:

- Clearer messaging and identity
- Strengthened operational systems
- Intentional steps toward long-term sustainability
- The result is a ministry that is not only growing, but growing with *purpose and discipline*

*GM365 Board of Directors*

## A TANGIBLE EXPRESSION OF IMPACT

This momentum was clearly demonstrated through our **March Car Show**, where—through the generosity, energy, and shared vision of our community—we raised an exciting **\$40,000** for **missionary transportation needs!**

These funds will directly serve mission partners across the globe, helping them reach remote areas, sustain ministry efforts, and expand Gospel access. What took place that day was more than an event—it was a powerful reminder that when people come together with purpose, real Kingdom impact follows!

## EXPANDING INFLUENCE THROUGH THE LOCAL CHURCH

One of the most encouraging developments this quarter is the engagement of new churches stepping into active mission partnership. Two additional pastors—each leading their congregations with vision—are now personally involved in the field:

- Serving alongside the **Johnston Family** in **Alaska**
- Participating in hands-on ministry at **Echo Ranch Bible Camp**
- Another church launching its missions steering team to plan and move the church forward in a comprehensive mission strategy
- **North Greenville University** placing teams domestically and internationally
- Teams developing for **Kenya, Brazil, and the Democratic Republic of the Congo** from multiple churches across multiple states

**This is more than participation—it is multiplication.  
Churches are not just giving; they are going.**

## OPPORTUNITIES IN UNREACHED REGIONS

In **Brazil**, through our partnership with **Amazon Vision Ministries**, three previously unreached villages have been identified—communities where the name of Jesus has not yet been proclaimed. This represents a sacred opportunity to reach real people, real places—a real open door.

At the same time, a new mission opportunity is advancing in **India**, one of the most spiritually complex and challenging environments in the world. Our Global Missions 365 partner, **Daniel Nogueira**, is engaging in cross-cultural ministry there. These steps require courage, discernment, and prayer—and they reflect the very heart of GM365.

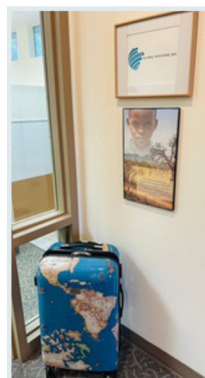

On another continent, our partner, **Abraham Mudidi** will go deep into the jungle in the **Congo** to reach and teach the Pygmy people—one of the most difficult to reach people groups on the planet.

## LEADERSHIP DEVELOPMENT AND TEAM EXPANSION

Our leadership capacity continues to grow:

- A new office location for Global Missions 365
- A new Associate Director (part-time) actively engaging in mobilization and team leadership
- A part-time Operations Coordinator strengthening operations and execution
- A videography internship developing to better tell the stories of our mission partners
- A volunteer summer intern called to missions

These are not just additions, but strategic investments in clarity, communication, and capacity.

---

**The strength of Global Missions 365 is established credibility + momentum + clarity.**

**We have been able to be strategic, intentional, and personal, thanks to the Lord's provision, a Board exercising faith, and supporters like YOU!**

---

## LOOKING AHEAD

As we enter the second quarter, we do so with:

- Active mission teams preparing for deployment
- **Three** new partnerships being cultivated (**Grace Chinese Church** plant—**Gainesville, Florida**, **North Greenville University Missions Division**; **Kabwe Children's Home**—**Zimbabwe**)
- Strategic initiatives such as planning for the **100th Anniversary of the Haller Orphanage** (child rescue station) in the interior **Congo** is gaining momentum
- Continued opportunities to serve in both established and unreached regions, especially in **Brazil, Kenya, and the Democratic Republic of Congo**

# A CALL TO ACTION — THIS MOMENT MATTERS

The coming summer months often present financial challenge, and we are asking you to respond in a fresh and *intentional* way. The needs in the field are increasing. The window to act is now. Would you prayerfully consider giving generously in this season? Not out of obligation—but out of conviction. Not simply to sustain—but to *advance*.

## Your generosity today will:

- Take the Gospel into unreached villages
- Strengthen missionaries serving in dangerous places
- Save lives physically and spiritually
- Equip teams preparing to go in the months ahead

## YOU ARE NOT JUST GIVING

When you give through Global Missions 365, you are not funding an organization—you are standing behind trusted missionaries, strengthening their work, taking the Gospel to people who may have never heard, training leaders, planting churches, rescuing those in hostile places, and much more. As **Daniel Morris**, our Associate Director, says, “You are engaged in transformation not just transaction, discipleship not just deployment, long-term investment not short-sighted support. And it’s local and global—*Everywhere, Everyday, and Everyone, 365 days a year!*”

## A FINAL WORD

What we are seeing is not accidental. It is the result of prayer, faithfulness, and your willingness to invest time, leadership, and resources into something that is clearly larger than any one of us. The momentum is real. The need is great. The opportunity before us is *extraordinary*.
